

imagePROGRAF TC-21M

COMPACT & AFFORDABLE

Get cost effective, professional prints with Canon imagePRO-GRAF TC-21M, a simple-to-use 24" desktop printer with A4 scanner, in small offices, retail shops, education or even work from home. A shaftless roll holder makes it easy to set up roll paper, while built-in auto-sheet feeder keeps your prints continuous without intervention in switching paper. Perfect for printing colourful flyers and posters for advertisements, health and safety signage, announcements, as well as CAD render-ings and technical documents.

PRODUCT FEATURES

Compact Design

Space saving compact body can fit into your home and satellite office working space. Smaller space is needed for paper replacement with shaft less roll holder.

Easy Enlargement Copy without PC

A4 scanner makes enlarged copy and repeated copy easily from A4 paper to up to A1 paper.

Comes loaded with more ink

TC series comes loaded with 70ml x 4 inks, allowing you to assess your usage needs and budget for resupply.

Supported Cut Sheet and Roll Paper

Auto-sheet Feeder to allow continuous printing of cut sheet drawings (A3 50 sheet, A4 100 sheet cut-paper stack). Switching print automatically between roll and cut sheet.

SOFTWARE

PosterArtist Web

Creating posters, banners and flyers has never been easier. This intuitively creative web-based software boasts auto-generated design templates, access to millions of stock photos, and intuitive editing – all completely free of charge.

Direct Print Plus

The Direct Print Plus software enables quick and efficient large-format printing with simple drag-and-drop file processing. Create shortcut folders with customised print settings to streamline workflows and easily manage multiple print jobs.
